

turbo::Drawable

```
classDiagram
    class turbo_Sprite["turbo::Sprite"]
    class turbo_Drawable["turbo::Drawable"]
    turbo_Sprite --|> turbo_Drawable
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'turbo::Sprite'. A vertical blue arrow points upwards from this box to a white box labeled 'turbo::Drawable' at the top. This indicates that 'turbo::Sprite' inherits from 'turbo::Drawable'.
